BELL ALIANT REGIONAL COMMUNICATIONS INCOME FUND
Notes to the consolidated financial statements
(Unaudited)
March 31, 2008

Bell Aliant Regional Communications Income Fund is an unincorporated, open-ended, limited purpose trust governed by the laws of Ontario pursuant to a Declaration of Trust dated March 30, 2006, as amended and restated on July 6, 2006. All references to “we”, “us”, “our” or the “Fund” refer to Bell Aliant Regional Communications Income Fund.

Through Bell Aliant Holdings Trust and Bell Nordiq Trust, we have an 82.46 per cent equity interest in Bell Aliant Regional Communications Inc. and Bell Aliant Regional Communications Holdings, Limited Partnership (Bell Aliant Holdings LP), which consolidates the operating subsidiaries of the Fund. These financial statements should be read in conjunction with the audited consolidated financial statements as at December 31, 2007, of Bell Aliant Holdings LP and the interim consolidated financial statements as at March 31, 2008, of Bell Aliant Holdings LP.

1. SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

We have prepared these unaudited interim consolidated financial statements in accordance with Canadian generally accepted accounting principles (Canadian GAAP) using the same basis of presentation and accounting policies as our audited consolidated financial statements for the year ended December 31, 2007, with the exception of the adoption of new accounting policies discussed below. These unaudited interim consolidated financial statements should be read in conjunction with our audited consolidated financial statements for the year ended December 31, 2007.

Capital disclosures

Commencing January 1, 2008, we adopted Section 1535, Capital Disclosures, which was issued by the Canadian Institute of Chartered Accountants (CICA) and establishes standards for disclosing qualitative and quantitative information about an entity's capital and how it is managed. Refer to note 4 for our capital management discussion.

Income taxes

Beginning in 2011, we will be subject to tax as if we were a corporation. Income taxes are accounted for using the asset and liability method of tax allocation. Under this method, our proportionate share of equity income from investments will be reduced (increased) for future tax expense (recovery) to reflect the expected future tax consequences of our proportionate share of the temporary differences between the carrying amounts of assets or liabilities reported on the balance sheets of our subsidiaries and their corresponding tax values, as well as the benefit of our subsidiaries losses that will more likely than not be realized and carried forward to future years to reduce income taxes. Future income taxes are computed using substantially enacted rates applicable to the years in which the differences are expected to reverse. For the Fund, only temporary differences expected to reverse after January 1, 2011, are taken into account in the determination of the future tax expense (recovery).

Economic dependence

We are economically dependent on Bell Aliant Holdings LP. Our ability to pay distributions is entirely dependent on the distributions received from Bell Aliant Holdings LP. Significant events or transactions in Bell Aliant Holdings LP could materially influence our ability to pay our distributions.

Future changes in accounting policies

The Accounting Standards Board of the CICA continually amends and improves certain standards or guidelines contained in the CICA Handbook. We monitor these changes as they are proposed and will make changes to our accounting policies and disclosures as necessary.

Effective January 1, 2011, International Financial Reporting Standards will replace Canadian GAAP. The Accounting Standards Board has released an exposure draft that outlines the standards. We are currently assessing the effect that this transition will have on our operations and financial reporting.

2. INVESTMENTS

<i>(millions of dollars)</i>	As at		As at	
	March 31, 2008		December 31, 2007	
Bell Aliant Holdings LP	\$	4,240.3	\$	3,763.0
Télébec and NorthernTel		-		527.5
	\$	4,240.3	\$	4,290.5

On January 1, 2008, we transferred our 36.7 per cent ownership interest in Télébec, Limited Partnership (Télébec) and NorthernTel, Limited Partnership (NorthernTel) to Bell Aliant Holdings LP in return for 8,246,429 class 2 limited partnership units of Bell Aliant Holdings LP. Since there is no substantive change in ownership of our 36.7 per cent ownership interest in Télébec and NorthernTel, the transfer was accounted for at its carrying value of \$527.5 million less a \$14.0 million notional depreciation and amortization adjustment related to the finalization of the notional purchase price allocation and other minor charges. In addition, an adjustment to record a future tax recovery relating to our 36.7 per cent proportionate share of temporary differences that are expected to reverse after January 1, 2011, of Télébec and NorthernTel increased the investment account by \$9.4 million. These adjustments were recognized in the equity income from our investment in Bell Aliant Holdings LP for the period ended March 31, 2008.

Equity income and other comprehensive earnings (loss) from our investments, and distributions declared and received from our equity investments were as follows:

We commenced a normal course issuer bid (NCIB) on February 28, 2007, which enabled us to purchase, from time to time, up to 13,738,000 of our outstanding units, representing approximately 10.0 per cent of our public float outstanding on February 26, 2007. The NCIB expired on February 27, 2008. Purchases under the NCIB were made with cash, at market prices, through the facilities of the Toronto Stock Exchange. No purchases have been made under the NCIB in 2008. During the three months ended March 31, 2007, we purchased 2,384,200 units for an aggregate price of \$70.9 million, which reduced our stated capital by \$78.6 million and increased contributed surplus by \$7.7 million.

Distribution reinvestment and optional unit purchase plan

For the three months ended March 31, 2008, we bought 137,535 units (March 31, 2007 – 131,040 units) on the open market for unitholders in lieu of paying \$3.3 million in cash distributions (March 31, 2007 - \$3.2 million) and in respect of optional cash payments received we bought additional units for \$0.6 million (March 31, 2007 – \$0.6 million).

4. CAPITAL MANAGEMENT

We do not carry on any active business operations as our activities are generally restricted to holding securities of our equity investees. We hold indirect equity investments in our operating subsidiaries and we do not incur debt to finance these investments. Therefore, our capital structure is composed solely of our unitholder's equity. This objective is unchanged from the prior year.

We also have a small amount of current assets financed by our current liabilities as we manage the timing of receipt of cash distributions from our equity investees and the payment of our operating expenses and distributions to our unitholders.

In order to make additional investments or to manage our capital and the income mix of distributions made to our unitholders, from time to time we consider and may adjust our distribution policy, issue or repurchase units or return capital to our unitholders.

The exchangeable limited partnership units are intended to be, to the greatest extent practicable, the economic equivalent of our units and are anti dilutive in the above calculations of earnings per unit from continuing operations. If holders of the exchangeable limited partnership units were to trigger an exchange for our units, the distributions currently being paid to the holders by Bell Aliant Holdings LP and Bell Aliant Regional Communications, Limited Partnership (Bell Aliant LP) would be paid directly to us. The deferred units under unit-based compensation plan, as discussed in note 7, relating to the 2006 grant and a portion of the 2007 grant are dilutive.

8. RELATED PARTY TRANSACTIONS

On January 1, 2008, we transferred our 36.7 per cent ownership interest in NorthernTel and Télébec to Bell Aliant Holdings LP in return for 8,246,429 class 2 limited partnership units of Bell Aliant Holdings LP. The transfer was accounted for at its carrying value. For further details refer to note 2.

Throughout the first quarter of 2008, we continued to loan our excess cash to Bell Aliant LP through a series of promissory notes. Payments are requested as required for operating purposes. The \$1.9 million promissory note that was receivable from Bell Aliant LP at December 31, 2007, was repaid on January 15, 2008. Subsequently issued promissory notes carried rates of interest from 3.73 per cent to 4.53 per cent per annum, resulting in an immaterial amount of interest revenue being earned. At March 31, 2008, a \$1.1 million promissory note was receivable from Bell Aliant LP, which bears interest at 3.73 per cent per annum. This balance is included in cash and cash equivalents.
